## Additional Information

### Data Protection Statement *(please read and understand)*

In considering our information contained in the application, we will search your record at a credit reference agency. We will add to your records details of the search and your application and this will be seen by other organisations that make searches. Information held about you by the credit reference agencies may already be linked to records relating to one or more of your partners. For the purpose of this application you may be treated as financially linked and your application will be assessed with reference to any associated records. An association between joint applicants or between you and any names, partners, spouse will be created at the credit reference agency. This will link all financial records each of which will be taken into account in future applications by either or both of you. If an association already exists then your application will be assessed with reference to these associated records. This situation will continue until one of you successfully files for a disassociation at the credit reference agency.

It is important that you give us accurate information. We will check your details with fraud prevention agencies and if you give us false or inaccurate information or if they suspect fraud they will report this. Your records will be shared with other organisations and used by the lending principal. This information will then be used to help make decisions about credit and credit related services such as insurance for you and members of your household, trade debtors, record debt, prevent money laundering and fraud and manage our account.
